Re CI airtel to Bureau, 4/22/71 captioned as above.

The 4/22/71 edition of "The Post" student newspaper at Ohio University (OU), Athens, Ohio, carried a front page article by BLUMBERG captioned "Stolen FBI Files Reveal Local PROB". A reprint of a portion of one of the memos stolen from the FBI office in Media, Pennsylvania accompanied the article.

The article states that a former OU coed has been the subject of a stolen FBI memorandum and had been investigated by Athens based FBI agents. The article continues that of the Young Socialist Alliance (YSA) at OU last year and a journalism major, apparently had her personnel records at the School of Journalism, reviewed the FBI for background information.

The article states that the memorandum is one of the documents "liberated" 3/8 from the FBI Office in Media, Pennsylvania by a group known as the Citizens Commission to

The documents involving [redacted] are reprinted in the Post article, ~~were~~ mailed to the Editorial Offices of the "Daily World", a New York paper expounding a Communist philosophy, and reprinted on page one of the 4/17/71 edition without [redacted] name. The article states that xerox copies of the stolen files were mailed to the "Daily World", other media and legislatures by an anti-war group known as "Resist".

The article indicates that [redacted] was contacted by the Post newspaper concerning the article, and that she was aware of the FBI investigation through "friends".

b6
b7C

The article by BLUMBERG states that the SAC, Cincinnati Division, and SRA [redacted] of the Athens Resident Agency, refuses to make comment concerning undercover agents operating on the OU campus. (no question asked of SRA or SAC re undercover agents and no statement made to BLUMBERG re same).

BLUMBERG had contacted both the SAC and SRA [redacted] on 4/21/71, and during these contacts he made no mention of either [redacted] or the burglary of the Media, Pennsylvania Resident Agency during his telephone calls.

b6
b7C

The reprints of the memorandum in the Post newspaper is taken from Philadelphia's letter to Cincinnati, dated 11/30/70, concerning [redacted] SM - YSA, CI file 100-18919. [redacted] file shows that during the 1969-70 school year, attempts were made to organize a YSA Chapter at OU using Post Office Box 899, Athens, Ohio. Drexel Hill Coed 'Praise' the FBI, Says They 'Got All the Facts Correct'

By PAUL F. LEVY
Of The Bulletin Staff

A college student placed under surveillance by the Federal Bureau of Investigation said here yesterday she thinks the FBI did a "very good job."

"I'm going to send them a letter of praise," 22-year-old Virginia Thomas of Drexel Hill said with a wry smile. "They got all the facts correct."

Miss Thomas, who works for the University of Pennsylvania, apparently came to the attention of the FBI while a student at the Ohio University where she says she was a member of the Young Socialist Alliance and active in anti-war demonstrations planned by the Student Mobilization.

Fiance in SDS

"My fiance ought to have an even bigger file," Miss Thomas laughed. "He's in SDS."

A copy of an FBI file on Miss Thomas was one of those stolen from the FBI office in Media on March 8 by a group calling itself the Citizens Commission to Investigate the FBI.

The group, which has managed to hide its identity despite intensive FBI efforts, has sent approximately 50 of the 850 or so stolen documents to Congressmen and newspapers, including The Bulletin.

Distorted Picture

In doing so, the group says it is trying to show the type of "surveillance" the FBI conducts on American citizens.

The FBI has refused to comment on the disclosures, but the Justice Department has said that the small percentage of documents released show a "distorted picture" of FBI activities.

The document involving Miss Thomas is apparently part of a series of communications between the Philadelphia and Cincinnati FBI offices in which information is requested on her.

Old School Friend

Among the steps taken by the FBI to provide that information was:

—A telephone call to Miss Thomas' mother by an FBI agent posing as an old school friend at the University of Ohio.

—A check with the Chester Credit Bureau Inc., of Chester, Pa., and the Upper Darby Township Police Department. (Drexel Hill is in Upper Darby Township).

—And a review of Miss

Virginia

"... I have no

Thomas's records at the University of Ohio School of Journalism, from which she graduated last June.

Asked about the surveillance, Miss Thomas's first reaction was, "Why me?"

But after considering it for a few seconds, she added:

"I'm not really surprised. We were told (by the national headquarters of the Young Socialist Alliance) that they would probably have files on us."

An attractive girl with long dark hair, she was interviewed in the student employment office at the University of Pennsylvania, where she has been a secretary since February. A paper flower was stuck in a jar on her desk and a quote from poet John Donne that "no man is an island" was taped on the wall.

"I feel that anything I did was protected under the First Amendment," she said. "I simply believe in Socialism — and I have nothing to hide."

On April 9, 1971, Special Agent []
[] and I attempted to contact []
at his residence, 424 North 38th Street, Philadelphia, Pa.
Special Agent [] and I approached the door at 424
North 38th Street, Philadelphia, Pa., and Special Agent
[] knocked on the door. The door was then opened by
a Negro male, who identified himself as [] (LNU). Special
Agent [] and I identified ourselves to [] as
Special Agents of the Federal Bureau of Investigation and
exhibited our credentials to him. Special Agent []
asked [] if we could talk to him inside the apartment.
[] opened the door and admitted us to a hallway where
Special Agent [] asked [] if []
was at the address. [] told us that the [] did
reside at that address on the third floor, but that they were
out of town for a few days. We accompanied [] to a second
floor room in which he lived, at which time we questioned
[] as to the employment of [] Special Agent
[] explained to [] that the Federal Bureau of

Investigation held no arrest warrant or any other type of warrant in regard to [] but that we did desire to talk to [] as soon as [] returned. Special Agent [] asked [] if he could leave his name and the telephone number of the Philadelphia Office of the Federal Bureau of Investigation in [] third floor room. At this time [] [] and I went to the third floor and Special Agent [] attempted to prepare a note to [] to leave in [] room. As Special Agent [] was writing a note to [] [] and I stood in the door to [] room and I engaged [] in conversation with regard to his dog, which I petted. I discussed [] profession, which was that of a drummer in a combo and also discussed favorite recording artists of mine and [] specifically naming singers IKE and TINA TURNER. My conversation with [] was extremely friendly and I noted no hostility on the part of []

b6
b7C

b6
b7C

b6
b7C

After Special Agent [] deposited the note in the room of [] [] accompanied Special Agent [] and myself to the front door, at which time we both shook [] hand and left the residence. *JK*

b6
b7C

In regard to the above meeting with [] I categorically deny any use of force, threats, or coercion in any manner in gaining admission to the residence at 424 North 38th Street, Philadelphia, Pa. *u*

b6
b7C

Special Agent [] and I departed the area in front of 424 North 38th Street, Philadelphia, Pa., via Bureau car. We were observed departing by two or three individuals at a row home next to the 424 North 38th Street, residence, at which time one of these people yelled at us, something which sounded like "F--- HOOVER." *u*

On April 13, 1971, Special Agent [] and I returned to 424 North 38th Street, Philadelphia, Pa., at which time we observed [] leaving his residence via a bicycle. [] rode the bicycle to the driver's side of the Bureau car and advised Special Agent [] that he had been advised by an attorney with the American Civil Liberties Union that he need not cooperate with the Federal Bureau of Investigation. Special Agent [] advised [] that he did not have to talk to the Federal Bureau of Investigation, but appealed to [] as a conscientious citizen to provide any information he might have regarding the break-in at the Federal Bureau of Investigation

Resident Agency in Media, Pa., on March 8-9, 1971. At this time [] rode away on his bicycle and did not further address Special Agent [] Special Agent [] during this conversation at no time threatened or implied any threats to [] and made no statements about becoming a Federal Bureau of Investigation informer or being subpoenaed before a Grand Jury. *al*

b6
b7C

Special Agent [] and I remained parked in a Bureau car near the [] residence and observed [] enter and leave his residence several times. As [] left his residence each time, he made a peace sign and directed some sort of salutation to Special Agent [] *al*

b6
b7C

After lunch we returned to the [] residence in the mid-afternoon of April 13, 1971, at which time a white female, age approximately 19, wearing wire-framed glasses and in an obviously pregnant condition approached the Bureau car and asked Special Agent [] if we wanted to talk to her. The white female identified herself as [] wife of []. Special Agent [] advised

b6
b7C

[] that we did desire to speak to her, at which time Special Agent [] got out of the Bureau car and opened the rear door for [] [] seated herself in the seat, Special Agent [] closed the door, and returned to the front of the Bureau vehicle. Special Agent [] was very polite to [], addressing her as [] and at one point during the conversation lit a cigarette for her. Special Agent [] and I advised [] that we were aware of her husband's criminal record and desired to talk to

b6
b7C

[] We advised her that we felt [] might be aware of information through his connection with the Resistance in Philadelphia, Pa., that might be pertinent to our investigation of possible violations of Federal law.

b6
b7C

[] advised that her husband is working at the Resistance, but said that he was not getting paid. She additionally advised she is expecting a baby some time around September 1971. [] stated that she believed her husband did not know anything about the burglary of the Media Resident Agency, but that she would do her best to get him to talk to Special Agent [] and myself. At this point

b6
b7C

a white male with a full facial beard, 25 to 30 years of age, about six feet, medium to slim build, came out of 424 North 38th Street, Philadelphia, Pa., address, and approached the Bureau car. This man told [] that she had talked enough and that she had a telephone call in the 424 North 38th Street, Philadelphia, Pa., residence. Special Agent [] got out of the Bureau car and opened the door for [] at which time she made no more remarks and returned to her residence.))\

b6
b7C

I would like to point out that this contact with [] was handled in a most cordial manner by Special Agent [] and I and that we conducted ourselves as gentlemen and treated [] with the utmost courtesy at all times. During this conversation with [] [] we did not in any way physically or verbally threaten or coerce [] We made no mention whatsoever of attempting to make an informant out of [] or [] and we did not make any statement that we would get [] "...one way or another." The statement "We'll get you one way or another" is a complete fabrication on the part of [] [] or []

b6
b7C

b6
b7C

[] as neither Special Agent [] nor I made or implied any such threat. *al*

b6
b7C

Later in the afternoon on April 13, 1971, []
[] returned to his residence and approached the Bureau car and directed several slanderous remarks about the Federal Bureau of Investigation and Mr. HOOVER to Special Agent [] [] said something about the Federal Bureau of Investigation could go to hell, at which time Special Agent [] responded that it was the duty of the Federal Bureau of Investigation to investigate possible violations of various Federal laws. Special Agent [] told [] that he could not believe anyone could feel as little patriotism toward the United States as [] At this time Special Agent [] and I left the area via Bureau car and did not return. *al*

b6
b7C

b6
b7C

I categorically deny all of the allegations directed at Special Agent [] and myself as set forth in a letter from [] attorney for [] to Mr. JOE JAMISON, Federal Bureau of Investigation, Department of Justice, Widener Building, Philadelphia, Pa., on April 15, 1971. At no time during the above described incidents did Special Agent [] or I harass or threaten [] [] or any of their friends in any manner. We

b6
b7C

made no threats to anyone in regard to testimony before a Grand Jury, or threats of bodily harm. We did not enter the residence at 424 North 38th Street, Philadelphia, Pa., illegally. We did not institute any electronic surveillance or wire taps either legal or illegal at that residence and we did not in any way, shape, or form state that we would "get" [redacted] unless he became a Federal Bureau of Investigation informer. I feel that Special Agent [redacted] and I consistently conducted ourselves in a gentlemenly, polite, and professional manner. *th*

I, [redacted], Special Agent, Federal Bureau of Investigation, being duly sworn, make the following statement: *u*

On April 9, 1971, Special Agent [redacted] and I attempted to contact [redacted] at his residence, 424 North 38th Street, Philadelphia, Pa. I knocked on the door and it was opened by a Negro male, [redacted] (Last Name Unknown), whereupon we immediately presented our FBI credentials and identified ourselves. I asked [redacted] (Last Name Unknown) if he would prefer that we talk inside. [redacted] (Last Name Unknown) replied in the affirmative and opened the door wider and admitted us to a hallway. I advised [redacted] (Last Name Unknown) that we wished to talk with [redacted] and understood he lived at this address. He replied that the [redacted] resided on the third floor of that address but were out of town for a few days. During this time interval [redacted] (Last Name Unknown) ushered us to the second floor and continued by advising us that [redacted] is working for Resistance, is married and his wife is pregnant. I advised [redacted] (Last Name Unknown) that no arrest warrant had been issued for [redacted] but we did have reason to want to talk with him as soon as possible and requested permission to leave a note with my name and the Philadelphia FBI Office phone number in [redacted] room. [redacted] (Last Name Unknown) ushered me to the third floor and directed me to the front bedroom advising it was the [redacted]. The door to this room was open and I entered and wrote a short note to the affect: [redacted] please contact Special Agent [redacted] of the FBI at LO 3-5300 as soon as possible, and pinned it to a large Viet Cong flag which was hanging over the head of the bed while [redacted] (Last Name Unknown) stood at the door of [redacted] room. I immediately left this room. Special Agent [redacted] and I then departed the residence and departed the area in a Bureau car. As we drove away two white males and one Negro male yelled, "F... HOOVER". We were courteous and considerate of [redacted] (Last Name Unknown) at all times and I categorically deny any use of force, threats or coercion either direct or implied in gaining admission to this residence and especially to [redacted] room.

On April 12, 1971, [redacted] telephonically contacted me at the Philadelphia FBI Office and advised he did not have anything to say to the FBI. I asked him to give this question further consideration and I would contact him at a later date.

b6
b7C

On April 13, 1971, Special Agent [redacted] and I returned to 424 North 38th Street, Philadelphia, Pennsylvania, and as I was parking the Bureau car [redacted] was observed coming out of his residence with a bicycle which he rode over to the Bureau car and addressing me advised that his American Civil Liberties Union lawyer had advised him that he did not have to cooperate with the FBI. I told him that this was true but if he had any information concerning the break-in of our Media Resident Agency, the bombing of the U. S. Capitol or the East Coast Conspiracy to Save Lives I hoped he as an American citizen would provide this information to the FBI. He departed without comment. *u*

[redacted] came and went from his residence several times in a period of approximately one and one-half hours. On each occasion he would acknowledge our presence with a wave and "Peace, power to the people". *u*

At approximately 2:40 p.m. on April 13, 1971, a white female approached the Bureau car and addressing me identified herself as [redacted] and asked if she could be of any help. I advised her that we would be glad to talk with her if she was willing. She indicated that she was willing to talk and volunteered to get into the automobile. I got out of the car and opened the rear door for her. She sat in the back seat as I explained that we only wanted to

[redacted] was treated with utmost courtesy and politeness and no threats or attempts at coercion were made or implied. *u*

At approximately 5:02 p.m., April 13, 1971, [redacted] returned to his residence and approached the Bureau car and addressing me stated in effect that the FBI is no good and Mr. HOOVER is an old man who doesn't give a damn about anyone or anything except himself and we could all go to Hell. I replied that the FBI is charged with the responsibility of preserving the security of the United States and will continue to make every effort to do so in keeping with the Constitution and the Law. I further told him that I did not in the least appreciate his comments concerning Mr. HOOVER. [redacted] made no further comment and turned to enter his residence. We departed the area. *u*

b6
b7C

Due to the frank and open conversation with [redacted] on April 13, 1971 and in hope that she had been able to persuade her husband to cooperate with the FBI I attempted to contact [redacted] at his residence on April 14, 1971 and was accompanied on this occasion by Special Agent [redacted]. No response was received in reply to our knock on the residence door and no activity was observed. A white male dressed in "hippie" attire approached the Bureau car and advised he was going to take pictures which he proceeded to do. Shortly, a white male, wearing an Army-type field jacket, knocked on the door of the [redacted] residence and receiving no reply walked east in the direction of the Resistance Commune, 3605 Hamilton Street. This same white male returned in approximately twenty-five minutes with another white male, also dressed in an Army-type field jacket, and carrying a tire iron approximately eighteen inches in length. These two men sat on the curb to the rear of the

Bureau car and banged the tire iron on the street. At approximately the same time the hippie-type, white male, who had taken pictures earlier returned carrying a large poster-type sign with lettering, "Your Local FBI At Work". Without comment I started the Bureau car and we departed the area and I have not been in the vicinity of 424 North 38th Street, Philadelphia, Pennsylvania, since that date. *u*

On April 15, 1971, Special Agent in Charge JOE D. JAMIESON received a hand delivered letter signed by [redacted] advising he was the attorney for [redacted] and alleging: *u*

b6
b7C

1. Harassment.
2. Threats to subpoena [redacted] before the Federal Grand Jury.
3. Bodily harm being implied.
4. Unlawful entry without warrant.
5. Unlawful wiretapping, constant and harassing surveillance of [redacted] and his friends.
6. That Special Agents of the FBI had specifically advised [redacted] "We'll get you one way or another" unless he cooperates by turning informer.

b6
b7C

u I categorically deny each and every allegation both singularly and collectively and state they are false and further that my statements regarding the facts in this matter, set out above, are true and accurate to the best of my memory. My sole purpose in this investigation was to gather information regarding violation of the laws of the United States and I believe I have executed my responsibilities in a manner which is in keeping with the high standards of the FBI. *u*

On Tuesday, April 27th, the following message was telegraphed to the co-ordinators of The Peoples' Coalition For Peace and Justice in Washington, D. C.:

REQUEST CONSENT FOR MEMBERS OF THE CITIZENS' COMMISSION TO INVESTIGATE THE FBI TO APPEAR AT YOUR PEOPLES' LOBBY MEETING, THURSDAY EVENING, APRIL 29, TO REPORT ON INFORMATION REVEALED THROUGH STUDY OF FILES REMOVED FROM MEDIA OFFICE MARCH 8, 1971. POST LARGE "YES" OR "NO" RESPONSE IN NINTH FLOOR MIDDLE WINDOW ON VERMONT AVENUE SIDE OF BUILDING BEFORE 9:00 AM, WEDNESDAY, APRIL 28. IF "YES" WILL CONTACT LATER FOR SECURITY AND POSSIBLE SANCTUARY ARRANGEMENTS.

THE CITIZENS' COMMISSION TO INVESTIGATE THE FBI

"Their affirmative response of consent was conveyed, as requested, this morning. Therefore, we invite your coverage of tomorrow's meeting at which time some members of The Citizens' Commission to Investigate the FBI will publicly take responsibility for the removal of files from the FBI office in Media, Pennsylvania on March 8, 1971.

"We were prompted to make this public appearance after learning of the remarks made Friday by Attorney General John Mitchell on the danger to national security posed by "domestic subversives." We agree with John Mitchell that the right of public to protect itself is "implicit in the Constitution's very existence," but we believe that right is best upheld when citizens can scrutinize and control their own government and its agencies."

Unknown male described by [redacted] as white male, about 21, stocky build, dark hair, beard and wearing a red sweater. Interview of mail room clerk, revealed she saw an unknown male leaving above described envelopes in mail room, apparently a second individual, and described him as white male, middle 20's, thin build, "hippie" appearance, long, light brown hair.

During evening of 4/28/71, Metropolitan Police Department (MPD) Intelligence Division advised MPD source advised them that heard of the proposed meeting and that during meeting two persons would appear wearing masks.

Above described "Peoples Coalition for Peace and Justice" is an organization sponsoring the anti-war and other protests in WDC from 4/24/71 through Mayday and in the indefinite future. One of the directors is RENNIE DAVIS, "Chicago Seven" defendant. Address of 1029 Vermont Avenue, N.W., contains offices of various "New Left" groups. St. Stephen and the Incarnation

WFO 52-12554

Church is headed by Father WILLIAM WENDT, known activist, and has been the location of previous civil rights and militant activities, including, the Black Panther Party Constitutional Convention in November, 1970.

During evening of 4/29/71, extensive coverage of the church afforded by WFO and Philadelphia Agents: however, scheduled "surfacing" of MEDBURG subjects did not occur. Investigation by Agents covering meeting revealed that sometime during afternoon of 4/29/71, People's Coalition for Peace and Justice received another telegram from the Commission in which the Commission indicated belief that meeting would be covered by FBI and police and did not want confrontation between Agents and police and persons taking credit for MEDBURG. Meeting by People's Coalition, however, was conducted, without incident, and terminated 9:00 p.m.

Prior to meeting, WFO Agents surveilled a red Volkswagen sedan, bearing Pennsylvania license number 888-99F, from a "collective" at 233 8th Street, N.E., WDC, to the church. The "collective" has been inhabited by several individuals connected with the EASTCON case, including [redacted] unindicted co-conspirator. Volkswagen contained three males, one identified as [redacted] and two females, one identified as [redacted] both considered "prime suspects" MEDBURG.

b6
b7C

Philadelphia Agents inside Church, covering the meeting, recognized [redacted] another "prime suspect" MEDBURG and [redacted] and [redacted] to whom VW registered, EASTCON suspects.

b6
b7C

Receiving offices should be alert for any information regarding above matter.

April 30, 1971

GENERAL INVESTIGATIVE DIVISION

In connection with planned surfacing of some Citizens Commission members at Washington, D.C. church 4/29/71, prime Medburg suspects were pinpointed in attempt to obtain advance notice as to identities of those who may surface. Department indicated public and voluntary announcement by anyone indicating he did break into the RA and steal FBI documents would be cause for immediate arrest. Complete coverage afforded meeting by WFO Agents. *u*

Attached indicates approximately 75 persons attended, however, surfacing of Commission members called off allegedly because it was believed the meeting was covered by FBI and police. Several prime Medburg suspects were in attendance. *u*

Letter to the Attorney General has been prepared. *u (Attached)*

EVIDENCE

Where Laboratory and Latent Fingerprint Section reports have been negative and not of evidentiary value and would serve no useful investigative purpose, they have not been set out in this report. *u*

LOCKPICKING SURVEY

Investigation under this caption is directed at determining whether any of the suspects possess knowledge of locksmithing or have attempted to elicit such information from qualified, legitimate locksmiths. *u*

To date, investigation has been conducted in 20 divisions, concentrating primarily in those surrounding Philadelphia. The investigation focuses on three principal points: Interviews of locksmiths, cross-checking of suspect names against lockschoel files, and interviews of discharged military personnel with locksmith training. *u*

The Philadelphia Division has interviewed approximately 200 locksmiths with negative results. Adjacent divisions where suspects have been developed are conducting similar surveys. Completed results from the Buffalo, New York, Newark, and Baltimore Divisions indicate no positive information developed. *u*

Four lockschools, located in the Buffalo, Newark, Kansas City, and Sacramento Divisions, offer classroom and correspondence courses. Some 150 names were afforded each Division in which a lockschool is operating for comparison with student records at each school. Possible matched have been eliminated by interview. *u*

The Baltimore Division furnished 58 names of military personnel provided technical training in locks and lockpicking at Ft. Holabird, Md. Investigation at military record centers in St. Louis, Indianapolis, and Alexandria Divisions has revealed all but 24 are currently on active duty. Efforts are continuing to locate records for the remaining individuals and to interview those who have been discharged. *u*

The following information concerning a check of the World-Wide Locator System is not being included in the details of instant report since it would tend to reveal an investigative technique utilized by the Army. *u*

SUSPECTS

As of 4/22/71 there were 57 individuals under consideration as prime suspects. Thirty-nine individuals are under consideration as secondary or non-prime suspects. In each instance, a separate file has been opened to develop background, obtain photos where needed, ascertain activities and possible connection with MEDBURG, and to consider for interview. Where appropriate a summary report will be written, in the individual case file and recommendations made for inclusion in Security Index. Where a summary report is not appropriate and dissemination to other Government agencies is not necessary, a memo to the SAC will be prepared using the same format as a summary report. Information developed will be reported in MEDBURG only when it is established to be pertinent and to have a direct connection with the MEDBURG case. Auxiliary offices having suspects residing in their division have been advised separately as to reporting procedure. *al*

BREAK-IN OF FBI RA, ROCHESTER, N. Y.,
AND DRAFT BOARDS, EASTERN AND NORTH-
EASTERN UNITED STATES

By way of background, it is recalled that on 2/7/70 a group calling themselves East Coast Conspiracy to Save Lives (ECCSL) broke into draft boards at three of the four locations of draft boards in Philadelphia. There was a total of 23 boards located at the three locations. At one location, police arrested [redacted] and [redacted] MEDBURG suspects. Local board files were stolen and records were scattered. Investigation located a residence 3007 West Susquehanna Avenue, Philadelphia, Pa., where participants apparently stayed and planned break-ins. PHILIP BERRIGAN has been identified as being at this address while some of those involved were staying there. As a result of information received on 2/7/70, a search warrant was obtained for the residence, as well as a vehicle parked outside which was registered to JOHN PETER GRADY, MEDBURG suspect. Search resulted in recovery of a large quantity of documentary evidence showing that action against the local draft boards had been planned for at least a month and extensive surveillances conducted in the area of all of the draft boards. Evidence also indicated actual burglaries were possibly perpetrated by six or eight persons and over forty persons were apparently involved in the overall operation from its inception. *u*

Notes on surveillances, plans, and names of persons involved were sent to the following offices by airtel dated 4/12/71 with the request that evidence be reviewed with evidence obtained in any draft board cases. The cases were to be reviewed to determine if similar MOs were employed, identifying such in detail, and furnishing Philadelphia any suspects: *u*

It is further recalled that during the summer of 1970, a New York informant and a Philadelphia informant, [redacted] furnished information that this group, including [redacted] known as ECCSL, planned to destroy draft board records in New Haven, Conn.; Wilmington, Del.; and Brooklyn, N. Y. Also on 9/5/70, [redacted] advised that over the Labor Day Weekend attempts would be made to break into Selective Service Boards in either Rochester or Syracuse, N. Y. As a result of this information being acted upon, a number of subjects were arrested shortly after 4 a.m., 9/6/70, at the Federal Building, Rochester, N. Y., after they had broken into the RA, USA's Office, and Selective Service Office. On 9/8/70 [redacted] told [redacted] this group planned to be out by 4:30 a.m. and that the group had planned to break into the FBI Office and that they planned to steal FBI documents and reproduce them for distribution to the underground people. She said they actually felt they had accomplished what they had set out to do. *u*

b6

b7D

Activity of this group may be described as anti-draft and anti-war activity and that the break-in of the Rochester RA and Media RA an extension of this activity. The above offices by airtel dated 4/12/71 were requested to furnish Philadelphia a summary fact sheet on each draft board break-in, including subjects and suspects, so that these facts could be studied for similarity with the Media RA break-in which information could be useful in the developing and placing priority on MEDBURG suspects. *u*

[redacted] and [redacted] .

On April 13, 1971, [redacted] Dean of Students, West Chester State College, West Chester, Pa., advised that the Registrar's Office at that school is under his supervision and that [redacted] is the secretary in charge of the Registrar's Office. Dean [redacted] stated that Friday, April 2, 1971, he was advised by [redacted] of the receipt of a letter by her office which was dated March 31, 1971, and was from the "Citizens' Commission to Investigate the FBI." Also the envelope containing this letter was addressed to the former secretary of the Registrar's Office, Mrs. HELEN SHIPPEE, who is now deceased. He indicated that, due to the spring vacation at that school from April 3 to 12, he and other staff personnel had been on vacation and he had neglected to notify anyone of receipt of this letter until this time. .

b6

On Friday, April 2, 1971, at approximately 9:30 a.m., the Registrar's Office at West Chester State College received an envelope addressed to Mrs. HELEN SHIPPEE, Registrar's Office, West Chester State College, West Chester, Pa. [redacted] advised that this letter was received through the regular university mail and indicated that due to the fact that the addressee, Mrs. HELEN SHIPPEE, has been deceased for three years and since she is currently in charge of the Registrar's Office she opened the previously described envelope. Contained in this envelope was a copy of a letter, dated March 31, 1971, from the "Citizens' Commission to Investigate the FBI," but the letter itself was not addressed. *u*

B. INVESTIGATION RELATIVE TO USE OF
XEROX AND OTHER COPIER MACHINES

Examination by Xerox Corporation of documents reproduced by Unsubs on Model 660 Copier resulted in location of identifying dot, located on these specimens 4 1/2" from left side and 1/4" to 1/2" from bottom. This unique dot is caused by either dirt on the copier drum or from a chip or imperfection on the drum itself. *u*

It also was the conclusion of the Xerox Corporation that a Xerox 660 Copier was used to reproduce most of instant documents but that a copier other than Xerox 660 Models was used in the reproduction of certain of the questioned documents examined by Xerox, as follows: *u*

Olivetti Underwood Copier

Q67 (Item delivered by courier to Department of Justice building)

u

Q33 (Item mailed to Senator MC GOVERN)

Q14 (Item delivered to Congressman MITCHELL)

Q13 (Item delivered to Congressman MITCHELL)

It also was concluded that Q86 (copy of statement issued by "The Citizens' Commission to Investigate the FBI" handed out at a conference of the Black Economic Development, Philadelphia, Pa.), was reproduced on a roll feed machine, which indicates the copy is sideways and that there were no identifying characteristics which would identify the manufacturer. *u*

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 4/5/71

[redacted] advised Q2 is a copy from a machine using a Xerographic process of reproduction utilizing a thermoplastic toner, which adheres to the paper rather than penetrating the paper as in the wet (ink) process. He stated Xerographic process is utilized by Xerox and IBM. *al*

b6
b7C

He advised certain machine characteristics imparted on Q2 indicate a possibility that documents were reproduced on a Xerox 660 family Copier. He stated this family consists of Xerox 330, 660, 660 I, and 813. He stated of this group the 660 and 660 I reproduced at a one to one ratio and that 330 and 813 as a six per cent reduction. *ll*

He stated Q2 has three double sets of gripper bar marks on the leading edge, which indicates Xerox 660. He stated on the bottom of the document appears verticle lines two and one quarter inches from the sides. This is caused by toner buildup on the feeder rollers. He said a dark square one half inch by one half inch in the upper right hand area of Q2 is caused by the translucent nature of the original document passing over a similar size opening in the drum. *ll*

[redacted] after viewing Q2 advised the toner on this document is thermoplastic, which has melting characteristics similar to Xerox toner and toluene solution reaction similar to Xerox toner. She stated this toner could be of similar composition of competitive toner, which would be necessary to conduct a toner analysis to make a definite conclusion. 21

[redacted] advised a toner analysis is a destructive process in that it is necessary to obtain approximately 25 milligrams of toner from the document being analyzed. He stated analysis of toner could result in the identification of the toner used in that it is a xerox toner or a competitive toner. He stated if it is a xerox toner, it will be possible to identify the particular toner. *u*

b6
b7C

A copy was made of Q23, 24 and 28. The center portion of these three documents was removed for the extraction of the toner. *u*

On completion of Gel Permeation Chromatograph and Infrared Spectrophotometry, [redacted] advised the toner to be Xerox 1190 toner. He stated his opinion was confirmed by the presence of Penta Erythritol Tetra Benzoate (PETB), a plasticizer used to fluidize the toner. He stated PETB is used exclusively in Xerox 1190 toner and is not found in any other xerox toner or a competitive toner. He stated Xerox 1190 toner is a unique fluidizing polymer used only in Xerox 660 machines. *u*

REPRODUCTION METHODS

He stated Olivetti Underwood Copia II and Copia III impart a distinct dark color border on both sides and on the lead edge of the copy. He stated these machines utilize a zinc oxide coated paper. He stated Olivetti Underwood is located in Englewood Cliffs, New Jersey. *al*

He stated 3M process is known as Dual Spectrum. He stated that this process utilizes white and pink paper, each containing a chemical passing over an exposure section which is then heat treated for development. He stated 3M produces five machines, which are: *al*

Casual Desk

al Copy Mite

Model 107

Model 209

He stated 3M also underlicenses a machine, Trans-O-Gram Copymate. He stated this machine, as well as other 3M machines, utilizes 3M paper, which has a tulip mark on the reverse side. *al*

He stated Xerox 660 is in the family with Xerox 330 and 813, however, the 660 is the only one of these machines that reproduces at a one to one ratio. He stated the 330 and 813 reproduce at a six per cent reduction. He stated the Xerox 660 imparts certain mechanical characteristics upon the original and copy. He stated the lead edge of the original will have imparted upon it by the machine four indented pin-points which is caused by the document gripper. He stated

the document gripper holds the original to the document drum during the cycle. He stated the copy will have three double sets of pinch marks in the top of the lead edge, which is caused by the gripper bar. He stated the gripper bar attaches to the copy coming from the supply tray and is pulled through the machine during the cycle. He stated the thin verticle lines, approximately two and one half inches on each side of the copy, is caused by toner buildup from the feed out rollers. He stated the three wider verticle lines at the bottom of the copy is caused by toner buildup on the document drum under the stops. He stated the top one half inch of the original document will not be reproduced on the copy unless the plastic document carrier is used. He stated if the document carrier is used, the four indented pinpoints from the document gripper will not be imparted on the original. *u*

Q23, 24 and 28 appear to be Hammermill Paper, Erie, Pennsylvania with plants at Lockhaven, Pennsylvania and Oswego, New York. Hammermill supplies paper to Xerox according to Xerox specification and also supplies paper to other sources under the same specifications. Therefore, no determination could be made as to whether the paper was Hammermill for Xerox or Hammermill for another source. It was concluded this paper is not Xerox 1024 or Hammermill O copy, due to the lack of water mark which indicates a Grade One paper. The paper appears to be Xerox 4024 (Grade Four), Xerox 1524 (Grade Five), Hammermill Fore O copy (Grade Four) or Hammermill Savings O copy. The difference between Grade Four and Grade Five paper is essentially due to the characteristics of the surface and this difference could not be ascertained due to toner and background on documents.. The paper is a relatively smooth common bond duplicator grade. *21*

[redacted] Xerox Corporation, advised after analysis of numerous documents it is noted a unique dot characteristic to the unknown machine is located four and one half inches from the left side and from one quarter to one half from the bottom. This unique dot is reproduced on an eleven inch copy from a ten and one half inch original. Therefore, the last one half inch of the eleven inch copy is a reproduction of a one half inch section of the document drum. The dot can be caused by either dirt on the drum or a chip from the drum. To reproduce the dot it is necessary to utilize a ten and one half inch original and reproduce this on eleven inch paper. It is noted that if the ten and one half inch document is reproduced on ten and one half inch paper, the dot will not appear. It is noted if an eleven inch document is reproduced on the eleven inch paper, the dot will not appear. In the event the unique dot is caused by dirt on the document drum the dot could be removed when the machine is cleaned. It is noted this unique dot is present on Q17-22, 24-26, 28-32, 35-41, 43, 45-47, 52-58, 60-66, 69-80, and 83. *gl*

Q85 is a reproduction from a mimeograph type machine, utilizing liquid ink. The stencil was typed on a manual typewriter. The presence of red ink on the reverse side is from the copy reproduced immediately prior to Q85. *gl*

Q86 is a reproduction on zinc oxide paper. The machine utilized is roll feed rather than cut feed, which indicates the copy is reproduced sideways on paper eleven inches wide. Several companies produce this type of machine and no identifying characteristics were noted which would identify the manufacturer. 21

Q87 is a reproduction on zinc oxide paper and has the same characteristics as Q86. 4

Q88 is also a reproduction on zinc oxide paper and having the same characteristic as Q86. 11

330	Six per cent reduction
660	One to one
813	Six per cent reduction
914	One to one
2400	One tenth of one per cent magnification
3600	One tenth of one per cent magnification

He stated the 2400 and 3600 I are basically the same machine although the 3600 is faster. He stated on each machine three copies are required to cover the circumference of the document drum. He stated the copy is pressure rolled which flattens out the toner. He stated 3600 III is similar to the 3600 I, however, this machine utilizes a different fuser and the copy is not pressure rolled.

After examining Q109 and 111, he stated these appear to be copies from a Xerox machine but is not 330, 630 or 813 due to the lack of document grippers or gripper bar marks. He stated the copy appears to have been fed sideways through the machine thereby eliminating Model 914.

He stated it would be necessary to conduct microscopic examination of the toner to determine if the copies are a reproduction from a 2400 or 3600.

[redacted] Minnesota Mining and Manufacturing Company (3MCo), advised after examining item Q13 that it is a reproduction made on a manually operated 3M copier. He explained that by looking at the upper right-hand corner of the document a lighter shade will be noticed and this indicates that a manual machine was used. He noted that the dark dots appearing on the document could have been caused by dust particles on the exposure glass of the copier, by dust particles on the original document, or by flaws in the exposure glass. He indicated that it is unlikely there would be so many flaws in the exposure glass. *u*

b6
b7C

He stated that there is no way known to him to determine which model machine was used, nor does he believe that samples obtained from other machines could be used to compare with Q13. *u*

[redacted] *u* for Duplicating Papers, 3MCo, agreed that Q13 was made on a manually operated machine; however, he noted that the paper used is designed for use on an automatic machine and is known as paper stock number 658. Paper stock number 607 should be used on the manual machine; however, they are interchangeable. *u*

b6
b7C

He further pointed out that 3MCo receives the raw paper from several different sources, and it is coated for use as duplicating paper at three different plants. No attempt is made to insure that the raw paper is sent to any particular plant; therefore, there is no way of determining which plant may have coated Q13. *u*

Due to the large volume of production, there is no way of determining where Q13 may have been produced or what area to which it may have been distributed. *u*

Both men agreed that there is no test or examination available to them or any that they know of which could be used to compare Q13 with other known specimens. They added that they have no way of determining the model machine used to make Q13. *u*

The typewriter impressions on the FD-302 forms of Q123 and Q129, the envelopes, Q122 and Q128, most closely resemble the Laboratory standards for IBM Selectric Scribe style of type. This same style of type was also found on Q112, used to prepare the heading "Packet #2: Documents 15-24." This style of type was not used on the remaining questioned documents. The typewriter impressions on Q124 through Q127 are Royal Elite Merit style of type. This same style of type was also used in the preparation of Q100 through Q111. It was determined that the copies, Q123, Q129 and Q130, were prepared on the Xerox Model 660, which was also used to prepare several specimens previously submitted in this case. No characteristic markings were noted on the remaining copies submitted which were found on the copies of the Xerox Model 660. *ll*

At about 11:45 a.m., April 15, 1971, SA THOMAS F. LEWIS was on Interstate 95 (Baltimore - Washington, D.C. Expressway) in the southbound lane, about one mile north of the exit onto Maryland State Highway 175 *AL*

At this point, SA LEWIS got out of his car and observed a white female, who had been identified to him as at a group of telephone booths off the shoulder of the road. This white female is described as age 22 - 24, 5'6", 135 pounds, muscular build, fair complexion, dark brown hair combed straight back reaching nearly to the waist. She was wearing a light brown leather jacket and blue dungarees. *AL*

b6
b7C

SA LEWIS observed this individual in an effort to determine whether she might be identical to the unknown white female who appeared at the Media Resident Agency on February 24, 1971. SA LEWIS was able to observe the female standing in and near the phone booths along side Interstate 95 and it is his opinion that this individual, although bearing a strong resemblance to the unknown female who appeared at the Media Resident Agency, that this individual is not identical to her. Specifically, SA LEWIS noted that the individual observed along Interstate 95 was taller by several inches, heavier by some 20 - 25 pounds and had a much larger frame than the girl who had appeared at the Media Resident Agency. *AL*

SA LEWIS was able to observe the individual along-side Interstate 95 for more than five minutes and at a distance of only several feet. He observed that she got into a Plymouth convertible, bearing 1971 Pennsylvania license number Y83227. This vehicle was being driven by another white female, and the vehicle drove away from the phone booth area heading south on Interstate 95 at several minutes before noon, April 15, 1971. *AL*

ON APRIL THIRTY LAST, A FEDERAL GRAND JURY (FGJ) AT
HARRISBURG, PENNSYLVANIA, RETURNED A SUPERSEDING INDICTMENT IN
THIS CASE. PARTICULARLY NOTEWORTHY WAS THE APPENDIX SECTION TO
THIS INDICTMENT WHICH INCLUDED PORTIONS OF THE "HOT, HOT LETTER"
OF [REDACTED] TO PHILIP BERRIGAN AND PHILIP
BERRIGAN'S RESPONSE. THE TWO LETTERS SET FORTH SPECIFICS
RELATING TO EASTCON PLOTS TO KIDNAP DR. HENRY KISSINGER AND TO
DESTROY THE UNDERGROUND HEATING TUNNELS IN WASHINGTON, D. C.

AS NOTED IN REPHTEL, THE PUBLICATION OF THESE LETTERS HAS
ALREADY CAUSED DEEP CONSTERNATION WITHIN THE PRO-BERRIGAN RANKS.
IT CAN BE EXPECTED THAT THIS SCHISM WILL WIDEN AS EASTCON FRINGE
ADHERENTS AND OTHER SILENT SUPPORTERS COME TO A FULL REALIZATION

OF HOW FAR THEY HAVE BEEN MISLED BY PHILIP BERRIGAN, [REDACTED]
[REDACTED] AND OTHER LEADING ACTIVISTS IN THE EASTCON MOVEMENT
WHO, IN PUBLIC APPEARANCES THROUGHOUT THE COUNTRY SINCE THE
RETURN OF THE FIRST INDICTMENT IN THIS MATTER, HAVE CHARGED
THAT THE GOVERNMENT'S CASE IS PURELY FABRICATION. THE SO-CALLED
NONVIOLENT PLANS OF PARTICIPANTS IN THIS CONSPIRACY HAVE NOW
BEEN DEFINITELY DISCREDITED. IT IS PARTICULARLY NOTEWORTHY THAT
EASTCON ADHERENTS AS WELL AS THEIR SUPPORTERS AND SYMPATHIZERS
FEEL THAT BOTH PHILIP BERRIGAN AND [REDACTED] HAVE
BY THEIR "SELF-DESTRUCTIVE ACT REMOVED THEMSELVES FROM ALL
CONSIDERATION FOR SUPPORT." (C)

IT IS NOTED BY BUREAU THAT ALMOST WITHOUT EXCEPTION
INDIVIDUALS INTERVIEWED TO DATE IN CONNECTION WITH THIS
INVESTIGATION, PARTICULARLY AMONG THE CLERGY, HAVE BEEN EITHER
LESS THAN CANDID OR UNCOOPERATIVE CONCERNING EASTCON ACTIVITIES
BECAUSE OF THEIR BLIND DEVOTION TO THE "BERRIGAN CAUSE." (C)

IN VIEW OF THE ABOVE, RECIPIENT OFFICES SHOULD CONDUCT A
FILE REVIEW WITH A VIEW TOWARD COMPILING, ON A SELECTIVE BASIS,
A LIST OF INDIVIDUALS PREVIOUSLY CONTACTED WHO, SINCE THE
ISSUANCE OF THE SUPERSEDING INDICTMENT, MAY REALIZE THEY HAVE
BEEN DUPED OR MAY HAVE A CHANGE OF HEART AND MAY NOW BE

RECEPTIVE TO INTERVIEW. THE LIST SHOULD BE SUBMITTED BY TELETYPE WHICH MUST REACH THE BUREAU BY CLOSE OF BUSINESS MAY THIRTEEN NEXT. RECOMMENDATIONS REGARDING INTERVIEWS SHOULD BE SUBMITTED ON A UACB BASIS WITH SUCCINCT JUSTIFICATION.

THE DEFENDANTS OR UNINDICTED CO-CONSPIRATORS IN THIS CASE OR THOSE INDIVIDUALS WHO HAVE BEEN CITED FOR EITHER CIVIL OR CRIMINAL CONTEMPT SHOULD NOT BE CONSIDERED FOR REINTERVIEW. THE LATTER CATEGORIES INCLUDE THE FOLLOWING INDIVIDUALS:

b6
b7c

ON THE BASIS OF INFORMATION SET FORTH IN RETEL, IT IS CLEARLY INDICATED THAT MANY SYMPATHIZERS/SUPPORTERS OF THE BERRIGANS ARE IN POSSESSION OF INFORMATION PERTINENT TO NOT ONLY THE EASTCON CASE BUT ALSO TO THE MEDBURG INVESTIGATION. FOR THIS REASON, AGENT PERSONNEL CONDUCTING THE REINTERVIEWS SHOULD BE FAMILIAR WITH THESE INVESTIGATIONS. THE BUREAU BELIEVES THAT A BREAKTHROUGH IN EITHER INVESTIGATION COULD GREATLY ENHANCE THE OTHER SINCE INFORMATION DEVELOPED TO DATE SHOWS THAT CERTAIN INDIVIDUALS ARE INVOLVED OR ARE IN POSSESSION OF INFORMATION PERTINENT TO BOTH THE EASTCON AND MEDBURG MATTERS. THIS MATTER

TELETYPE TO ALBANY, ET AL

MUST CONTINUE TO RECEIVE TOP PRIORITY ATTENTION, RESULTS OF INTERVIEWS WHERE PERTINENT SHOULD BE SUBMITTED TO THE BUREAU BY TELETYPE AND ALL INTERVIEWS SHOULD BE RECORDED ON FD DASH THREE ZERO TWOS WHICH SHOULD SUBSEQUENTLY BE INCORPORATED INTO A REPORT. *h*

PHILADELPHIA, IF NOT ALREADY DONE, SHOULD FORWARD TO RECIPIENT OFFICES A COPY OF THE LATEST INDICTMENT WITH ATTACHED LETTERS AND A COPY OF THE "HARRISBURG STATEMENT." *h*

NOTE:

b7D

On 4-30-71, a FGJ at Harrisburg, Pennsylvania, returned a superseding indictment in this case. The appendix section of the indictment contained pertinent portions of letters exchanged between McAlister and Philip Berrigan which specifically mentioned the Eastcon plots. Information developed by indicates that publication in the press of the indictment including the letters has seriously affected sympathizers and supporters of the Berrigans in that they now realize that the Government's case against the Eastcon defendants has substance and that they have been misled by Philip Berrigan. We believe that such an unfavorable reaction to Philip Berrigan and other leading activists will cause an ever widening schism among other Eastcon fringe adherents. For this reason, it is believed we can capitalize on this matter, and instructions are being issued to appropriate offices relative to the reinterview of individuals who have either been untruthful or uncooperative in the past. *h*
